Important Questions	Answers	Why This Matters:
<p><b>What is the overall <a href="#">deductible</a>?</b></p>	<p>Combined In-network medical/hospital – \$500 person/\$1,000 family                      Out-of-network medical – \$500 person/\$1,000 family.                      Separate <a href="#">deductibles</a> for <a href="#">prescription drugs</a> and dental.  <a href="#">Copayments</a> (copays) and <a href="#">coinsurance</a> do not count toward the <a href="#">deductible</a>.</p>	<p>Generally, you must pay all of the costs from <a href="#">providers</a> up to the <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay. If you have other family members on the <a href="#">plan</a>, each family member must meet their own individual <a href="#">deductible</a> until the total amount of <a href="#">deductible</a> expenses paid by all family members meets the overall family <a href="#">deductible</a>.</p>
<p><b>Are there services covered before you meet your <a href="#">deductible</a>?</b></p>	<p>Yes. In-network office visits, in-network <a href="#">preventive care</a>, generic <a href="#">preventive services</a> medications including contraceptives, in-network preventive dental and vision (in-network and out-of-network) are covered before you meet your <a href="#">deductible(s)</a>.</p>	<p>This <a href="#">plan</a> covers some items and services even if you haven't yet met the <a href="#">deductible</a> amount. But a <a href="#">copayment</a> or <a href="#">coinsurance</a> may apply. For example, this <a href="#">plan</a> covers certain <a href="#">preventive services</a> without <a href="#">cost-sharing</a> and before you meet your <a href="#">deductible</a>. See a list of covered <a href="#">preventive services</a> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a>.</p>
<p><b>Are there other <a href="#">deductibles</a> for specific services?</b></p>	<p>Yes; <a href="#">Prescription drugs</a> – \$75 person/\$150 family;                      Dental – \$75 person/\$200 family.</p>	<p>You must pay all of the costs for these services up to the specific <a href="#">deductible</a> amount before this <a href="#">plan</a> begins to pay for these services.</p>
<p><b>What is the <a href="#">out-of-pocket limit</a> for this <a href="#">plan</a>?</b></p>	<p>There are <a href="#">coinsurance out-of-pocket limits</a> for:                      In-network combined hospital and medical (including behavioral health) – \$2,750 person/\$5,500 family;                      There is also an overall <a href="#">out-of-pocket limit</a> for in-network hospital, in-network medical and <a href="#">prescription drugs</a> – \$9,450 person/\$18,400 family.</p>	<p>The <a href="#">out-of-pocket limit</a> is the most you could pay in a year for covered services. If you have other family members in this <a href="#">plan</a>, they have to meet their own <a href="#">out-of-pocket limits</a> until the overall family <a href="#">out-of-pocket limit</a> has been met.</p>

Important Questions	Answers	Why This Matters:
What is not included in the <a href="#">out-of-pocket limit</a> ?	The <a href="#">coinsurance out-of-pocket limit</a> excludes: <a href="#">premiums</a> ; <a href="#">balance-billing charges</a> ; health care this <a href="#">plan</a> doesn't cover; <a href="#">deductibles</a> ; <a href="#">copays</a> ; <a href="#">coinsurance</a> for <a href="#">prescription drugs</a> , dental and vision. The overall <a href="#">out-of-pocket limit</a> excludes: <a href="#">premiums</a> , <a href="#">balance-billing charges</a> ; health care this <a href="#">plan</a> doesn't cover; <a href="#">deductibles</a> , <a href="#">copays</a> and <a href="#">coinsurance</a> for out-of-network medical and for dental and vision. Certain <a href="#">specialty drugs</a> are considered non-essential health benefits and fall outside the <a href="#">out-of-pocket limits</a> . The cost of these drugs (though reimbursed by the manufacturer at no cost to you) will not be applied towards satisfying your <a href="#">out-of-pocket limits</a> .	Even though you pay these expenses, they don't count toward the <a href="#">out-of-pocket limit</a> .
Will you pay less if you use a <a href="#">network provider</a> ?	Yes. See <a href="http://www.sagafraplan.org/health">www.sagafraplan.org/health</a> or call 1-800-777-4013 for a list of <a href="#">network providers</a> .	This <a href="#">plan</a> uses a <a href="#">provider network</a> . You will pay less if you use a <a href="#">provider</a> in the plan's <a href="#">network</a> . You will pay the most if you use an <a href="#">out-of-network provider</a> , and you might receive a bill from a <a href="#">provider</a> for the difference between the <a href="#">provider's charge</a> and what your <a href="#">plan</a> pays ( <a href="#">balance billing</a> ). Be aware, your <a href="#">network provider</a> might use an <a href="#">out-of-network provider</a> for some services (such as lab work). Check with your <a href="#">provider</a> before you get services.
Do you need a <a href="#">referral</a> to see a <a href="#">specialist</a> ?	No.	You can see the <a href="#">specialist</a> you choose without a <a href="#">referral</a> .

All [copayment](#) and [coinsurance](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
